FRP PROCESS EQUIPMENT

Indigrate supplies, anti-corrosive GRP chemical process equipment made from a combination of liners, viz. FRP and/or thermoplastic liners such as PP (FRP), PVDF (FRP), PP, HDPE, MS-GRP (FRP) etc. We also supply load bearing structure made mainly from FRP with thermoset polymers such as unsaturated polyester, vinyl ester and epoxy resins as per Customer's Samples, design, specifications.

Wide range of Different Products

Our products are manufactured & supplied through our external processing associates (EPAs) to relevant international standards viz. BS / DIN / ASTM / AS / IS / ASME / BSEN

We do supply FRP Scrubbers, Storage Tanks Mixers, Settlers, Coalers, Reactors, etc., for varied industries; ranging from solvent extraction (Hydro Metallurgy) to chemical, dyestuff, petrochemical, chlor-alkali plants, pharmaceutical plants, fertilizers, pulp & paper, smelter, Iron & steel manufacturing industries, Electrical & Instrumentation Industry etc. where in chemical resistance is of utmost importance.

Some of our Products in our manufacturing line:

- Anti-corrosive chemical process equipment.
- Storage Tanks.
- Pollution control equipment (Gas scrubbers) along with associated piping / Ducting at site.
- Reaction/ Mixing Vessels / Settler with Internals.
- Pressure/Vacuum vessels.
- Ducts, Pipes, Fitting and accessories related to Process.
- Fume Extraction hood systems.
- Centrifugal Blowers (Belt Drive, Direct Drive, Direct Coupled Drive).
- Lining Jobs with Thermoplastics.

INDUSTRIES WE CATER TO

PHARMA

SPECIALTY &
FINE CHEMICALS

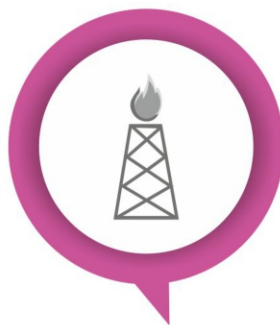

DYES &
INTERMEDIATES

AGRO CHEMICAL &
ITS INTERMEDIATES

HYDRO METALLURGY

PETRO CHEMICALS

SOLAR

Group Office:

807, 808 Nilamber Triumph, Nilamber Circle, Gotri-Vasna Road, Nilamber Circle,
Vadodara-390021, Gujarat, INDIA.

Manufacturing Unit:

Survey No. 25/A, Paiki - 2, Village - Kashipura, Por - 391243, Dist. - Vadodara.
